

PRODUCT

Hiromaster A-493 (HM A-493), Hiromaster A-493 (B) (HM A-493[B])

1-1

Hiromaster A-493 and A-493(B) is masterbatch product for polypropylene resin.

As product is pelletized form, it ease the handling because of no blocking and dust emission. It is well dispersed even from dry blend to direct molding and obtain good flame retardancy.

COMPOSITION

TBS derivative/Aromatic brominated flame retardant (imide type) /Sb ₂ O ₃	72%
Block PP/Additive	28%

PROPERTIES

Appearance	Hiromaster A-493	White Pellet
	Hiromaster A-493(B)	Black Pellet
Specific Gravity	1.7 ~ 2.0g/ml	
Volatiles	≤0.5%	

APPLICATION

Polypropylene

PACKAGE

25kg net paper bag

FORMULATION

PP	95	70
Hiromaster A-493	5	30
Oxygen Index	24.0	28.0
UL94 3.0mm	V2	V0
1.5mm	V2	V0
